***Allowable Subject Matter***

1. Claims 19-40, 42 and 45-54 are allowed.
2. The following is an examiner's statement of reasons for allowance: upon further consideration and consultation, the arguments, e.g., to modify the prior art for first and second substantially identical elongate nozzle members having substantially identical discharge openings at tip ends thereof, supplying substantially equal streams of pressurized blasting media, and simultaneously discharging substantially equal and opposed high velocity streams of blasting media, as recited in the independent claims 45 and 51, are found persuasive and such modification is considered hindsight.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Examiner sincerely regrets any inconveniences this late allowance may have caused the applicant.
